This is to notify you of the new roster of Veterinary Services (VS) Research Needs Work Groups (copy enclosed). We appreciate the efforts of those of you who participated in the FY 1990 VS Research Needs review last January. That was a major effort, and APHIS-VS conducts such indepth reviews every 4 years.

As APHIS-VS develops VS Research Needs statements for FY 1991, you will be contacted by your VS counterparts for input.
